Accepted submissions will be confirmed on or before June 26, 2015.

The Early Psychosis Intervention Ontario Network (EPION) is a network of people who provide EPI services to individuals who have experienced psychosis and their family members. EPION currently includes over 50 programs and satellite partners across Ontario. The network facilitates collaboration between EPI sites, particularly emerging sites in need of training and established sites with resources and expertise. EPION is funded by the Ministry of Health and Long-Term Care. For more information, visit <http://epion.ca/>
